

SUMMARY

Final-year B.Tech (AI & ML) student with hands-on Python and GenAI project experience, combined with 4+ years of professional video editing and graphic design work. Skilled at turning ideas into real-world AI solutions and eager to contribute to AI and Software Development projects.

EDUCATION

Raj Kumar Goel Institute of Technology, AKTU <i>B.Tech in Artificial Intelligence & Machine Learning</i>	Ghaziabad, India <i>2023 – 2027</i>
--	--

SKILLS

- Programming Languages:** Python, C, HTML, CSS
- AI/GenAI:** ChatGPT, Google Gemini, Prompt Engineering, AI-driven Automation
- Developer Tools:** GitHub, VS Code, npm, Vercel, Figma
- Design:** Graphic Design, Video Editing (4+ Years)
- Soft Skills:** Problem Solving, Communication, Teamwork, Adaptability

PROJECTS

- AI Interview Bot**
Python, GenAI
- **Simulation:** Built an AI-based interview bot simulating technical and HR interviews.
 - **Workflow:** Designed conversational workflow and response evaluation logic.
- Vingo AI**
Python, Streamlit, Live Audio Translation
- **Real-Time Translation:** Developed an AI-powered application that translates live spoken audio from one language to another in real time.
 - **Multilingual Integration:** Integrated speech recognition, language translation and text-to-speech for multilingual conversations.
 - **Interface Optimization:** Built a responsive interface focused on low-latency live communication.
- Line Following Robot**
Embedded Systems, Sensors
- **Decision Logic:** Designed sensor-based decision logic for real-time path detection and motor control.

EXPERIENCE

- Software Project Contributor**
Software Developer Remote
2024
- **Client Deliverables:** Gathered client requirements and converted them into functional deliverables.
 - **Collaboration:** Collaborated remotely through iterative feedback cycles.
- Freelance Video Editor & Graphic Designer**
Creative Professional Remote
2021 – Present
- **Creative Solutions:** Delivered creative solutions for multiple clients.
 - **Management:** Managed client communication, revisions and deadlines.

ACHIEVEMENTS

- SPIC Society**
College Society Design Lead
2024
- Served as Design Lead managing creative direction and design tasks.
- College Hackathons**
RKGIT Winner
2024 – 2025
- Won multiple college-level hackathons by building innovative technical applications.
- Hack the Prompt Hackathon**
Hackathon Participant
2024
- Received a Certificate of Participation for building prompt engineering solutions.
